### DETAILED ACTION

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 7 and 8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 7 and 8, line 2, the phrase "the deposited layer" lacks clear antecedent basis. No deposited layer has been previously recited> Therefore limitation cannot be understood.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by Yagi et al (Japanese Publication 09-314719, Herein Machine Translation is used).

Yagi et al disclose a light shielding packaging material comprising polyethylene terephthalate film (1) having deposited layer (7) of aluminum oxide or silicon oxide, white print coating layer (2), colored resin layer (4) and sealing layer (5) (Figure 2, Paragraphs 0013, 0014 and 0024-0027).

5. Claim 9 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Receipt of Information Disclosure Statements filed June 09, 2005 and September 25, 2007 is acknowledged. All recited non-English documents have been considered to the extent of provided an abstract in English. All recited documents have been made of record. Japanese documents 06-182924 and 11-277667 recited on PTO-1449 dated September 25, 2007 have been crossed-out to prevent duplicate recitation. These documents are listed on PTO-1449 dated June 09, 2005 and have been made of record.
